

We are concerned and we want to continue hearing K-LOVE radio in the Lincoln Nebraska area and throughout America. We listen to the family-friendly encouraging music on K-LOVE at 91.9 on our radio. The music on K-LOVE is helpful for people with families and for singles also. It is relaxing and easy to listen to. The K-LOVE programming promotes good positive values. If it might be replaced by a rock music station, there is plenty of rock music available elsewhere on the radio. Also hard rock is not helpful in improving and keeping good relationships with family members and others in our communities, as is the peaceful, good music of K-LOVE.
